

# New Artificial Football Pitch for Fleet?

## Have your say

Fleet Town council has been offered the opportunity to spend £180,000 of developer funds\* on a new artificial football pitch at Ancells Park Fleet.

The facility will either be a small or medium sized (43 by 33 metres or 61 by 43 metres). The public are to be given the choice of which one they prefer or none at all. There will be a public open day at Ancells Farm Football Pavilion on Saturday 1st February 10am—2pm if you wish to find out more.

The facility will look something like the pitch below which is at Cove but will be smaller if built in Fleet. The pitch will be located at the end of Ancells Field which is currently too boggy to be used for any activity for much of the year.

The primary purpose of this facility is to provide somewhere for the 500 plus young people in the Town who currently travel weekly to neighbouring towns to train and to play some matches on.

\*the Developers funds have a strict limitation on them that means they can only be used for a artificial football pitch anything else would not qualify.
