Hartland Park Bramshot Lane
Full planning application for the construction of Information Centre; access; car parking; landscaping; wooden pergola; pathway; fencing; and all other ancillary and enabling works
Comments required by 14th August

OBJECTION

- Planning permission should not be given unless application for actual development (Hartland village) has been approved.
- As it's a temporary structure there should be a time restriction condition
- Hedge obscures round about

Previous comments also stand:

- Number of ads is excessive.
 - Illuminated signs in strategic gap which is a no light zone
 - Signs will distract cars and make roundabout dangerous
 - Haven't got planning permission yet so should not be approved until they do
 - Out of keeping with area
 - In SPA exclusion (no build) zone
 - A previous application for ads for this location was refused
- Application breaches the following policies
- o GEN 1.(i) - not in keeping with the local character
 - o GEN 1.(xiii) the installation of lighting, which is visually damaging to the character of the area should be avoided
 - o CON 19.(ii) diminishes the gap between Fleet & Aldershot
 - o URB 24.(ii) size, siting and illumination has an adverse effect on highway safety
 - o RUR 8(i) not sympathetic to local character
 - o RUR8(ii) visually intrusive
 - o RUR8 adverse effect on road safety

Comments required by 16th August

NO OBJECTION

- However as the proposed extension is right to the plot boundary a bin store at the front of the property should be provided
- Parking looks tight – size of spaces should be confirmed

Change existing approved planning permission from a 2 bedroom chalet bungalow to a two bedroom house

Comments required by 16th August

APPLICATION WITHDRAWN

If we had a comment it is that the original proposal for the 2 bedroom chalet bungalow was in keeping with the character of the area. The proposed two storey house is a retrograde development - OBJECTION

Have taken on board comments about access to flats however does adding additional doors/windows count as a permitted development or is full planning permission required?

Land At Kennels Lane Kennels Lane

Request for an Environmental Impact Assessment Screening

Opinion under the 2011 EIA Regulations - Land at Kennels Lane, Fleet

Comment required by 11th August

In principle accept that an EIA is not necessary for this development, but

- Concern site may be contaminated from old oily waste treatment plant

Comment -

- SANG land should not have a BMX track, it is supposed to be a natural space that will attract dog walkers away from SPA land
